

Event programme

Your REACH and CLP advantage

Navigating UK REACH
3 November 2020, 09.30 – 12.30, via web-based training

Who should attend?

Delivered in conjunction with Dr Knoell Consult Ltd (www.knoell.com), our half-day online course is ideal for those who need to understand their future REACH obligations in the UK to ensure that they can maintain market access. Designed to provide practical advice to companies, this workshop will help you to navigate through your compliance obligations wherever you sit in the supply chain.

Book by 3 October 2020 for the early booking discount.

Why attend?

With some uncertainties remaining in the UK's future relationship with the EU, it is vital that companies start to make preparations to ensure that they can maintain access to both UK and EU markets. Whether you are a manufacture or importer already holding a REACH registration, or a downstream user relying on your supplier's REACH registration, you may have new compliance obligations to consider.

This half day workshop is designed to take participants through the process of planning and to support companies on how to meet their compliance obligations. As with our all our workshops, we limit delegate numbers and use an informal style so there will be plenty of opportunity for discussion and questions.

This workshop will:

- ✓ Summarise the current political situation and key dates
- ✓ Highlight the potential new obligations companies may face
- ✓ Provide practical advice on how to prepare and ensure supply chain continuity

Outline Programme

09:30	Welcome
09:40	Introduction to UK REACH <ul style="list-style-type: none"> • <i>Current status</i> • <i>Who is impacted and new roles (e.g. for former downstream users)?</i> • <i>Scope and obligations - what needs to be registered, what is the process?</i> • <i>Understand your imports and supply chain - do I need to register, how do I decide, exemptions and relationship with other UK and EU legislation, enforcement</i>
